
List of Bird Recorders and Checklist Compilers

Compiled by Keith Betton

Liste des personnes ressources et compilateurs de check-listes. La liste présentée ci-après est mise à la disposition des lecteurs afin de les inciter à envoyer leurs observations ou rapports de voyages ornithologiques de la région couverte par l'ABC (voir *Bull. ABC* 1: 12) aux personnes indiqués.

This list was last published in 2002 in *Bull. ABC* 9:58–60, since which details have changed significantly. The purpose of this compilation is to update ABC members on relevant bird recorders and checklist compilers for all of the countries within the ABC region (see *Bull. ABC* 1: 12). We urge all ABC members to submit records or trip reports from any visits, future or past, to the region to the relevant recorders in order that the information can be utilised, and not remain 'buried' in observer's notebooks.
